has passed the first year Eng. (I.E.) and is now
in the third year course) is also subd. with
this as per orders on this file

Points for order.

1.

(1) The Inspector general's proposals
as regards grant of scholarship to 2nd year student
may be approved, in the circumstances
reported.

2.

(2) It is doubtful if Appadurai
Mudaliar & Hutcha Rao will secure seats
in the Poona college in Jan'y next, in

Points for order Serial
No.

in the ~~light~~ of the Bombay Govt's recent letter on the subject. It is therefore a question whether scholarships may not be granted to those already in college.

(5) It has also to be settled as to whether C. V. Ramakrishna or Mr. A. Ramakrishna is to be given the scholarship.

(6) As regards K. R. Narasimha Murthy, son of the retired manager of the Archaeological office, he is already in the 3rd year class though he is not a graduate.

Pro. for orders.

Bangalore,

August 1914

From

RAO BAHADUR M. SHAMA RAO, Esq., M.A.,
Inspector-General of Education in Mysore.

D/2 67
To
am Iyer, Esq., B.A.,
to the Government of
His Highness the Maharaja of Mysore,
Departments of Education & Agriculture
Bangalore.

Sir,

I have the honour to forward herewith the register of applications for the Engineering Scholarships of this year together with copy of this Office Notification D. No. 63 dated 19th June 1914, inviting applications for the same.

There are altogether twenty one applicants, of whom six are graduates. Among these C.N. Shama Rao, (No. 3) B. Ganath (No. 4), and P. Gopalengar, (No. 17) have joined the Engineering College in July last and K. Garduacher No. 12 joined the Poona Engineering College in January last, when the first term began. These four candidates are eligible in every respect according to the terms of the Notification approved by Government, and I therefore recommend them for a scholarship each. Next come B.G. Appadorai Mooliyar, (No. 2) and K.S. Hutha Rao, (No. 6), who have both graduated in the first class and have prospects of securing seats in the Poona Engineering College in January next. These may also be given a scholarship each. For the remaining three scholarships advertised this year, selection has to be made of the old students who are in the 2nd and 3rd years of the Madras or Poona Engineering College. Government at a previous occasion advised themselves as not being

Flag X
in the ref.
20/8/13

of awarding scholarships to old students. I take this opportunity, however, of representing to Government the desirability of reconsidering this decision. Many of the students join in the expectation of getting scholarships in the future, in the meanwhile straining their resources to meet the cost of their College life, and the refusal of scholarships to them is not only a disappointment, but a real hardship to many of them. Further, there is no assurance that all the new students^{to}/whom scholarships may be awarded will be able to secure seats in the Engineering Colleges of British India. In these circumstances I take the liberty of urging that the cases of such applicants may be favourably considered this time. If this view of mine is accepted, I would recommend K.R. Gerudachar, (No.1), B.S. Narasinga Rao, (No.13) and C.V. Rama Rao, No.(18) or M.A. Ramanujan (No.10), who are all in the second year course of their study, the first three in the Poona Engineering College and the last in the Madras Engineering College. Gerudachar and Narasinga Rao have both passed the F.E. Examination in the first class and are highly recommended by the Principal of their College. The Chief Engineer agrees with me in this respect, and I enclose a copy of his D.O. letter No.462 dated 30th July 1914 addressed to me.

I have the honour to be,

Sir,

Your most obedient servant,

S. Hanuman Rao

Inspector General.

TNP.

Encl 10563.

D.O. No.462 dated 30th July 1914 from the Chief Engineer of Mysore to the Inspector General of Education in Mysore.

I am in receipt of your D.O. letter No.71 dated the 17th July 1914.

I have very carefully gone through the list of applications for the Engineering Scholarships and I quite agree with the selections made by you except only in one case. I suggest that No.18 may be chosen in preference to No.17, as the latter does not appear to be quite in such a need of a Government scholarship. Also, the former has produced a good certificate from the Principal of the Engineering College, Poona and had also appeared for the Mysore Civil Service Examination.

I quite agree with you that we should favourably consider the applications of deserving candidates who are already in the Colleges and in this light, I accept the recommendations made by you in favour of Nos. (1) and (13). In fact by granting scholarships to such candidates the expenses that Government have to incur will be reduced and so, with the same amount ~~of~~ allotted by Government a larger number of students can be trained.

I therefore request you will kindly represent the matter to Government in this light, so that the scholarships as recommended by you for (1) and (13) and in similar cases of old students in future may be duly sanctioned.

I have herewith returned the register of applications.

"C o p y"

De. Shauca Rao.

Inspector-General.

over.

SUBJECT.

5

1. C. N. Shama Rao
2. B. L. Ramanaiah
3. P. Gopalengar } at the Madras Eng. College
and 4. K. Chandachan, at the Poona Engineering College.

Two more scholarships of the same value are granted to B. G. Appadurai Mudr and K. S. Huteha Rao, subject to their securing seats in the Poona Eng^s. College in January next.

2. For the remaining three scholarships, the J. C. of Edu. has recommended certain names from out of the ~~old~~ students who are ^{already} in the second and third year classes ~~courses~~. The J. C. states that the cases of old students deserve favourable consideration as many students join in expectation of getting scholarships in the future, and that to refuse scholarships to them

G. R. S. 27]

will be a real
hardship to deserving
men. The Govt. agree
with the J. C. of Edu, and
desire that scholarships
be granted to

(1) K. R. Gandrahar

(2) B. S. Narasimha Rao,

& (3) M. A. Ramanujan,

who are all in the second
year course of their study,
the first two in the Coorn
Eng. College and the third
in the Madras Eng. College.

3. The J. C. of Edu.
is requested to arrange
that some of the men
selected go through the
Mechanical Eng. course.
